NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and that the soldier is furnished with the proper final documents in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special case must be taken to state the degree of disability—as *h, i, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1269 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

INSTRUCTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last consideration on this paper; see that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

I do hereby certify that I have carefully
examined Lieut. Col. James T. Permutte of
the 12th Ky. Cav. & find him laboring under
hemorrhoids also disease of the mouth & throat
to such an extent that disables him from under-
-going the fatigue & hardships incident upon
an active campaign. I would therefore recommend
that he be sent to Hospital; for in my opinion
he cannot recover his health while doing duty
in the field

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the written certificate."

Par. 1200 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions; chronic rheumatism, derangement of the urinary organs, ophthalmia, &c., or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

The office muster made in case of Thomas
J. Brown, as Surgeon 38th Ky. Inf. is correct — from
the above report it appears that E. O. Brown was
mustered as Surgeon 12th Ky. Cav. while in process of
completing, and on his Commission with the 38th
Ky. Inf. was, on Nov. 18/62, mustered out as a Captain,
leaving Brown as Surgeon of Cavalry 1st Regt. West Va.

Gen Hospital No. 3.

Louisville Ky
Sept 25th 1863

On the 10th day of Sept 1862 as shown by the rolls in Asst Genl. Ky^s office. I was initiated by Col. D. C. Shanks as Surgeon of the 12th Ky Caly. Then making up. I was actively and constantly engaged in getting up and attending the men. On the 11th or 12th Sept. 62 I was Examined by the board appointed for that purpose. Passed a satisfactory examination and was Commissioned by the Governor of Ky on the 13th day of Sept 62 as Surgeon of the 12th Ky Caly. Remained on duty until the 18th Nov when the 12th Ky Caly, & 38th Mounted Infy was consolidated and mustered into the U.S. Service. Two feet Surp^s was not allowed in one Regiment, by some means I was thrown out. In November I was Commissioned as Asst Surp^s in the 26th Ky Infy. but still holding the Commission in the 12th Ky Cal. and not being able to get the matter settled. And as I could not return to my home to practice my profession without risking my life as I was threatened after I entered the Union Army. I had lived at Brandenburg Ky for 26 years. Practiced Medicine there for 22 years. About that time the Med. Director gave me a Contract in Hospital until I could get my family from danger saying to me as did others that I could take the Contract and be mustered in the 26th Ky when I was in a condition to go to the Regiment. I was sworn in on the Commission but delayed being mustered in until the last of Augt. Next.

I had my family moved to the City leaving
my recollections and all property except some
of my house hold furniture. I determined
to be mustered in. Supposing there would
be no difficulty as I was considered
as next in the Regiment. but when
I called on Capt. Stephen Mustery officer
I found there was some difficulty as the papers
will show. ~~After~~ asking to be Mustered
Dr. Shuman J. Med. Director for the District
of Ky. desired me to take charge of a
General Hospital as I had a commission
and a late order required a commission
officer for that position. I accepted the plan
and entered up the duties supposing that the
muster would be made at once. I
Respectfully ask to be Mustered, May to
commence the first of the present month.
I have been regularly in Hospital since
Dec 13th 63 and been on the Hospital Roll
I ask this in justice to my self and family
as I cannot return to my former home
to provide for my family until matters
are settled. I am for the old flag.
If I have to sacrifice all I have
I refer to Col. J. M. Harlan Col. Maxwell
Col. Hanliff, Col. Whittaker, Surg. M.

Sir:

In reply to your letter requesting a Descriptive List of Alonzo
Conner Co in Company K
Regiment Ny Volunteers. I have the honor to furnish the
following "Descriptive List," obtained from the records of this Office: which, from the
want of the necessary data, (which is in the possession of the Company Commander,)
is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

Alonzo Conner Private in Company K
129 Regiment of Ny Volunteers, is 25
years of age; but no further "description" can be obtained from the files of this Office.
He was enrolled on the 13 day of Aug, 1862
at the town of Beville in the State of Ind
by Stephen Dial, and mustered into the service of the United
States on the 17 day of Nov, 1862 at the
town of Overland in the State of Ky
by Capt Ryall, to serve for the period of 3 years
or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Roll of his Company for the months of
that he was last paid by Paymaster
on the _____ day of _____

186
No evidence of payment on file in this Office.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if
obtained at all, from his Company Commander.

REMARKS.

The muster in Roll of this Co is the only one
on file in this Office.

Very respectfully,

Your obedient servant,

Samuel D. Beck

Assistant Adjutant General.

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company
commander; and, having been used by the proper officer to make out the soldier's final statement, should be endorsed with a statement to that effect by
this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statement, the clothing
account, and all other charges against him or in his favor, as far as to comprise a complete exhibit of his account. It will then be transmitted to the
company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the
soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled
upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not
appear on his final statement from the fact that this list is incomplete or "partial."

Boychins, Tenn. Nov 28th 1862.

I, Obed B. Chapman, have the honor to make application for discharge as an enlisted man, in the 12th Cav. Regiment Kentucky Volunteers, commanded by Colonel E. W. Crittenden, to accept a Commission as 1st Lieutenant in company D, of said Regiment.

I was enrolled as an enlisted man in company D, 12th Cav. Regiment Kentucky Volunteers, by Capt. H. H. Smith at Boychins, Tenn. in August 15th, 1862, and mustered into the service of the United States, as an enlisted man at Boychins, Tenn. Nov 12th 1862, by Capt. W. B. Boyce of U. S. A.

I was last mustered for pay as an enlisted man 31st December 1862, and last paid to Dec 31st 1862, by Major E. W. Crittenden.

I was commissioned as a 2nd Lieutenant by the Governor of Kentucky, the date of my commission being 31st March 1863, which was received and accepted by me 5th of April 1863. I entered upon duty as such, 2nd of April 1863, by virtue of said Commission, a vacancy existing in said grade of 2nd Lieutenant in company D same Regiment, caused by the promotion of 2nd Lt John L. Woodward.

I was again Commissioned by the Governor of Kentucky as a 1st Lieutenant 1st of June 1863. The commission was received and accepted by me 8th June 1863. I entered upon duty as a 1st Lieutenant 8th of June 1863, by virtue of such Commission, there being a vacancy in the same grade in Company D same Regiment, caused by the Redemption of 1st Lt E. B. Cannon.

I was last paid as a Commissioned Officer by (never paid) up to not being mustered 1863.

The reasons why I have not been discharged and mustered at an earlier date, are as follows:

Having been in the field engaged in duties
inconvenient to a Musketry officer and having
made frequent applications through the proper channels

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavits of other persons having such knowledge, will be appended—to the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. j.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

[HERE NOTE IMPORTANT COMPLICATIONS AND ALL OPERATIONS.]

RESULT AND DATE.

Discharged May 18/65

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1, 2, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epistaxis, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; also that the soldier is furnished with the proper final statements in duplicate, and forward them of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. d. c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier," after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charges, and especially in epilepsy, convulsions, chronic rheumatism, degeneration of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; are that the soldier is furnished with the proper final documents in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

VOLUNTEERS.

Died May 3, 1864.

NOTE 1.—This of these certificates (or duplicates) are to be given to each Volunteer, Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, Ar., due him, and the captain or other commanding officer of the company will certify to the act of the delivery of the duplicate certificate; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and entered with a statement to this effect by the officer. This endorsement should contain a final statement of the time for which the Soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be entered upon the receipt of their master rolls, and the Soldier receive any pay or allowance that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, Ar., are entered by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to equipment, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Charges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on the statement.

NOTE 6.—Accounts due the Soldier and his dependents must be entered on the master roll on which the discharge, Ar., is reported, as well as on the final statement, otherwise the account cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statement, in duplicate, to the Adjutant General, Washington, D. C.

ADJUTANT GENERAL'S OFFICE.

FINAL STATEMENT

Surf. cc. Apr 12/64

Shedore Cook

12th Regt of Ry Vol Corp

VOLUNTEERS.

Disch April 12. 1864.

NOTE 1.—Two of these certificates (or duplicate) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment ordered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the report of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the Adjutant of the Treasury Department.

NOTE 4.—Charges for food or lodging in barracks, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Expenses."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on the statement.

NOTE 6.—Amounts due the Soldier and Landwars must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, showing the amount subject to collection from the United States.

NOTE 7.—This book will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, or duplicate, to the Adjutant General, Washington, D. C.

Memoranda:

ARTICLES OF WAR.

ART. 93. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

DIRECTIONS.

NOTE 1.—One copy of the inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93rd Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. Both inventory and final statements should be forwarded, as a general rule, through Regimental Headquarters. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish, direct to the Adjutant General, the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next master roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of —, late of company —, regiment of —, who died at —, the — day of —, 18—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported on the blank for inventory.

NOTE 2.—Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

NOTE 3.—In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds duly certified by the Council and commanding officer, (Form 5) accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of —, late of company —, regiment of —, who died at —, the — day of —, 18—."

NOTE 4.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 5.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

VOLUNTEER

Died July 17. 1863.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay. An. due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the loss of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, which may not appear on his final statement from the fact that his account was incomplete. These accounts for bank pay, etc., are sent to the Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to equipment, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Charges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his dependents must be entered on the master roll on which the discharge, death, desertion, etc., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statement, in duplicate, to the Adjutant General, Washington, D. C.

ADJUTANT GENERALS OFFICE.

we have been confined in
the military prison on a charge of attempted
robbery. ^{discharged} We received a copy of said charge
we are innocent of the alleged offense
and have been arrested ^{unwisely} since the 10th of
Sept until the present time. ^{was taken out}
to be tried some weeks or ten days ago and returned
to prison without trial, although we therein
asked & agreed the trial. The ground taken
by the judge advocate for not trying us
was that since the man ^{was} already to be
executed was another shot at, and has dis-
charged and ~~hanged~~ gone home with his
regiment. On the 30th Winans ^{and} that he must
have ^{been} got him, he had ample time to do
that, and has failed to get him as we learned
has returned the papers to the office of the
judge advocate of the department stating that
he was unable to procure said ^{prisoner} ~~prisoner~~ for
that our car ^{was} ~~not~~ ^{putting} ~~the~~ ^{to} ~~release~~ ^{from}
confinement and to be permitted to go
home Yours with respect

Adjutant General's Office,

Washington, D. C.,

April 30th 1863.

Sir:

I have the honor to acknowledge the receipt of the
Musters-in Book of Eugene W. Brittonden
mustered into the service of the United States by you as
Colonel in 12th Regiment of Kentucky Cavalry
Volunteers.

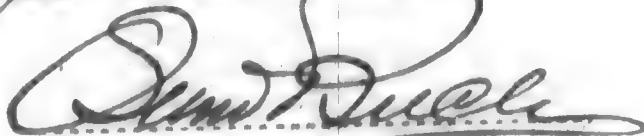

Your attention is invited to General Orders, No. 48,
of 1863, (a copy of which is printed on the back of this sheet;)
all musters not in accordance with that Order are invalid.
" Particular attention will be paid to dates, and the date from
which the muster takes effect be given in the column of remarks.
Musters-in must not, under any circumstances, be dated back,
except in accordance with that Order."

The following errors have been found in the Muster, which
you will please correct, on a new Book, and forward it to this
Office, in order to make the Muster valid.

The Certificate of Col. Brittonden, showing why the Muster-
in did not take place prior to April 4th 1863, has not
been received at this Office up to date.

All
Musters must hereafter be made on regular forms, whenever
practicable.

I am, sir, respectfully, your obedient servant,

Assistant Adjutant General.

GENERAL ORDERS.

No. 48.

WAR DEPARTMENT.

ADJUTANT GENERAL'S OFFICE,

Washington, February 25, 1863.

The following regulations are established in regard to MUSTERS INTO AND OUT OF THE SERVICE OF THE UNITED STATES, OF OFFICERS AND ENLISTED MEN OF VOLUNTEERS IN THE FIELD:

I. Only officers of the Regular Army (including Additional Aides-de-Camp appointed by the President, under the act approved August 5, 1861,) will be detailed to muster into and out of the service of the United States, and no officer will make these musters unless detailed to do so by competent authority.

II. Officers, as aforesaid, will be detailed (under paragraph 1st) by the Corps or Department Commander, as follows:

For each Corps or Department, one officer, to be called the *Commissary of Musters* for that Corps or Department, and two enlisted men for clerks in his office, at Corps or Department Headquarters. All rolls and communications sent to and from the officers detailed on this service, in any Corps or Department, will be through the Commissary of Musters for that Corps, who will exercise a supervision over the whole subject of musters for the Corps or Department to which he belongs.

For each Division, one officer, to be called an *Assistant Commissary of Musters* for that Division, who will make all musters into and out of the service of the United States for his Division, and see that all officers of his Division are properly mustered into and out of the service of the United States, as the circumstances of the case may require; he will also be prepared to give such information on the subject of muster and muster rolls as may be required by those serving in the Division. He will also provide himself with blanks, by application to the Commissary of Musters of his Corps or Department. One enlisted man will be detailed by the Division Commander as clerk in his office. Commissaries of Musters, and their Assistants, will be furnished with such stationery as they may require by the Quartermaster's Department, upon their requisitions, approved by the Corps, Department, or Division Commander, as the case may be.

As soon as the Commissaries and Assistants are detailed as herein directed, their names will be reported to the Adjutant General of the Army.

III. Each Assistant Commissary of Musters will make a daily report to the Commissary of Musters for his Corps or Department of all the musters made by him since his last report, forwarding with this report three copies of the muster-in and four of the muster-out rolls, in every case, as vouchers to his report.

These rolls and reports will be corrected and consolidated by the Commissary of Musters, who will also add his own report of such musters as he may have made himself, and forward it, with one copy of the muster-in and muster-out rolls, in each case, direct to the Adjutant General, Washington, D. C. The Commissary of Musters will dispose of the other copies of the rolls as prescribed in the pamphlet of Instructions to Mustering Officers.

IV. Commanders of Corps or Departments will see that each Regiment, Independent Company, etc., is assigned to some one of the Assistant Commissaries of Musters under their command. The Commissaries of Musters will be responsible to the Adjutant General of the Army for the correctness of the musters and muster rolls in their Corps, and, no officer shall be mustered in, or out, except by a Commissary or Assistant Commissary of Musters to whom the command to which he belongs has been assigned.

V. No officer or enlisted man of volunteers is properly in the service of the United States, or authorized to receive pay, until mustered in by the proper officer; and no officer is properly out of service until discharged in Orders, or mustered out by the proper officer. One copy of the rolls or order in each case must be forwarded to this office.

VI. Commissaries and Assistant Commissaries of Musters, having been once detailed, will not be relieved from this duty, or transferred to another Division, Department, or Corps, without authority from the Adjutant General's Office.

VII. Commanders of Departments, Corps, and Divisions, will exercise such supervision over the musters as they may think necessary for a prompt and efficient performance of this service.

VIII. The following rules will be observed in all musters-in or out:

1st. An officer must present his commission, or appointment, from the Governor of the State to which the regiment or organization, into which he desires to be mustered, belongs.

2d. The Mustering Officer must ascertain from the records of the regiment, or organization, such as muster rolls, monthly returns, and morning reports, that a vacancy exists.

3d. If an officer has been commissioned as above, and a vacancy exists, and he is *physically fitted* for duty, he may be mustered into the service of the United States, from the date on which the muster-in actually takes place.

4th. No muster-in shall be dated back without authority from the Adjutant General, except upon proof that it could not have been made at an earlier date, which proof shall consist of the affidavit of the officer, accompanied by that of his Regimental or Detachment Commander, setting forth that he has made all proper efforts to have himself mustered in, but without success, before the time at which he now presents himself. These affidavits must be attached to the copy of the muster-in roll intended for the Adjutant General.

5th. No officer shall be mustered in to date back beyond the time that he has actually been performing the duties of the grade into which he desires to be mustered, nor beyond the time at which a vacancy is proved to have existed by the regimental or company records. If on the muster and pay rolls the applicant appears mustered for pay in one grade, he cannot be mustered into the service, to cover the same period, as of any other. Gross errors, on this point, are frequently committed by mustering officers; therefore, special attention is invited to it.

6th. Musters into and out of service must be made for each new grade of commissioned officers, as well as when enlisted men or citizens are appointed commissioned officers. A discharge in Orders, or by order of the proper authority, is in all cases a muster out of the service of the United States, and no muster-out rolls will be furnished in such cases.

7th. Musters in and out must be made on separate rolls, and a separate roll must be made for each grade. Officers or enlisted men of different companies or regiments, must not be mustered in, or out, on the same rolls.

24. Hereafter, no person will be taken up on any muster rolls as an officer, of any grade, until mustered into the service of the United States as such, in that grade, whether he be commissioned by the Governor or not, unless he be appointed or commissioned by the President. *Paymasters will closely observe, and report, all violations of this paragraph.*

25. A muster once made will in no case be altered, except by authority from the Adjutant General of the Army, and all applications for alterations must pass through the mustering officer, if possible.

26. Troops organizing in their respective States—including recruits for regiments in the field—and those organized and not in the field, will be mustered by the duly appointed mustering officers for the States. *Said officers have no authority to muster commissioned officers belonging to organizations which have left the State. (See paragraph 4.)* The mustering officers, for States, will closely observe the requirements of paragraph 4.

27. Enlisted men having received commissions or appointments, will not be mustered in as commissioned officers until they shall have been discharged as soldiers by the Department or Corps Commander.

28. The directions contained in the pamphlet of Instructions to Mustering Officers, will be followed in all cases.

BY ORDER OF THE SECRETARY OF WAR:

L. THOMAS,
Adjutant General.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1300 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, syphilis, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post-commander, who will forward them, with his action endorsed thereon, through the proper channel, or his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

VOLUNTEER.

Disch Dec 17 1864

NOTE 1.—Two of these certificates (or duplicate) must be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should contain a full statement of the time for which the Soldier was allowed pay on his final statement, the clothing account, and all other charges against him if in his favor, or to compute a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all that is necessary to a full understanding of the Soldier's account on the reverse side upon which the Soldier's discharge is appended. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be verified upon the receipt of those money rolls, and the Soldier receive any pay or allowance that may be due him at the time of his discharge, and which may not appear on his final statement from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are called by the Adjutant of the Treasury Department.

NOTE 4.—Charges for loss or injury to equipment, horse equipment, and other miscellaneous charges, should appear under the heading of "Other Discharge."

NOTE 5.—Money paid by State collection, and not by the United States, will not be entered on this statement.

NOTE 6.—Amount due the Soldier and his family must be entered on the reverse side on which the Company, Draft, Discharge, &c., is reported, as well as on the final statement, where the amount ought to be collected from the United States.

NOTE 7.—This blank will be used for detached volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statement, in duplicate, to the Adjutant General, Washington, D. C.

Sir

I have seen Eli
Brown who is reported as a deserter he has papers
which satisfies me that he is not here in the
Character of a Deserter. He has in the first
place a certificate from Col J H McHenry
while his Regiment was at Calhoun stating
that the Examining Surgeon had Reported
him on account of Hernia and he now
has a certificate from his Capt & the Command-
ant of the 12th Ky ^{Infantry} showing that he has been
Reported for the same cause these certificates
are of recent date & since the Battle at
Philadelphia in East Tennessee he accounts
for his being reported a deserter in this
wise he says he was absent when the
Regiment was mustered into the U S service
and was not examined until about the
date of his certificates. He participated in
the Philadelphia fight and reports that he
was not mustered in, he has served one
year without any pay &c

NOTE 1.

The company commander will have all a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. & d. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for inability, the nature, degree, and origin of which are exactly described in the within certificate."

Par. 1200 Regulations, Edn. 1862.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary system, catarrhs, ulcers, or any disease deemed likely to be fatal or permanently protracted; and in no case shall any certificate be given until such sufficient time and opportunity to detect any mistake or deception.

DIRECTIONS.

This certificate will be submitted in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The company will then fill out and sign the company's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, see that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.
